## **Dying Star**

Jason Upton

Bm A G A
Bm A G A
You've got your best man on the front side
Bm A G A

You always show your best side And evil's always on the other side You say this is your strategy But son, I hope you take it from me You look just like your enemy You're full of pride

Bm Em G

We better trash our i - dols if we gonna be

A

Bm

EmG

A

in the army of the Lord
And the greatest idol is you and me,
we better get on the threshing floor
When will we learn that God's strategy
is giving glory to the Lord?
So we trash our idols 'cause we wanna be
in the army of the Lord

Star how beautiful you shine
You shine more beautiful than mine
You shine from sea to shining sea
World-wide is your strategy
But shinning star I hope you see
If the whole wide world is staring straight at you
They can't see me
