You're Everything

David Crowder

```
A              D2            A/C#        D2
A                  D2           A/C#              D2
     You're every-thing,   I could want, that I could need
A          D2                 A/C#           D2
     If I could see, You want me, could I believe?
A                    D2         A/C#        D2
     'cause You're perfectly,   all I   want, all I   need
A          D2              A/C#                  D2
     If I could just feel Your touch, could I be free?
A/C#                    D2
     Why do You shine so?  Can a blind man see?
A/C#                       D2
     Why do You call?  Why  do You beckon me?
A                                        E7sus4/B
   Can the deaf hear the voice of love?

                                                 A/C#
     Would You have me come?  Can the cripple run?
              D2
     Are You the One?

      A                A/C#
     Raise me up from this grave
          D2
          Touch my tongue and then I'll sing
      A                     A/C#
     Heal my limbs and joyfully
            D2
          I'll run to You
```

You're everything,   I could want, I could need
And I can just feel Your touch and I am free
'cause You shine so, the blind man can see
And how you call? How you beckon me?
The deaf hear the voice of love
     You bid me come and the cripple run
     You are the One

```
      A   A/C#                      D
         'cause You're every-thing   (repeat)
```

```
A              D2          A/C#          D2
   And I'm alive and I'll sing, and I'm alive and I'm free
```
